## 6.11.7 Function definitions

---

function  
definitions  
future language  
directions

The use of function definitions with separate parameter identifier and declaration lists (not prototype-format parameter type and identifier declarators) is an obsolescent feature. 2041

### **Commentary**

function  
declarators  
future language  
directions

This position has not changed since the publication of the C90 Standard. The issues are the same as for function declarators.
